If a catalogue-number and a keyword do not identify the same object, and further inquiries are not possible, the catalogue-number is the decisive factor for the order. The limits referred to in this order apply to the hammer price. To them a premium of 28% is added, where the VAT is included (differential taxation). For catalog items, which are marked with a \*, a commission of 22% is due, on the final invoice amount a VAT of 19% will be added (standard taxation). Exempted from VAT are deliveries to countries outside the European Union (EU) or to entrepreneurs for commercial purposes within the EU who have indicated their VAT Reg. No. when receiving their bidder's number. In these cases, only the premium of 22% will be added. For Objects marked with an N, an import-turnover tax of 7% has to be paid.
